PROPERTY SURVEY FOR  
**MONTGOMERY ALLEE**

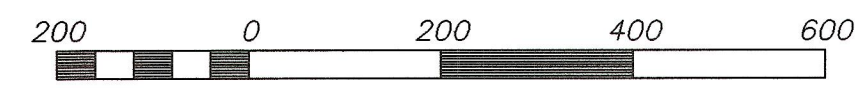

SECTION 32, TOWNSHIP 1 SOUTH, RANGE 1 WEST  
UINTAH SPECIAL BASE AND MERIDIAN

NARRATIVE

This survey was performed at the request of Montgomery and LaDonna Allee in order to stake the tract of land shown on the plat. This tract was originally surveyed in 1981 by Clinton Peatross as one of eight tracts. This tract was identified as Tract "G" on the survey plat filed in the Duchesne County Surveyor's office (file no.1201). Several 1/2" rebar set by Mr. Peatross to mark the tract boundaries were found and used by this survey. The north line of the tract is in the center of an existing road way and was monumented on the 25 feet right-of-way line as indicated on the plat. These offset monuments were two that were recovered and used to determine the boundaries of the parcel. No monument was found at the southeast corner of the tract. The offset monument, a 1/2" rebar, was found on the south line of Tract "H" at the county road and a 1/2" rebar was found at the southwest corner of Tract "G". These two found monuments were used to determine the South line of Tract "G" and the southeast corner was reestablished at the single proportionate distance along this line.

SCALE: 1"=200'

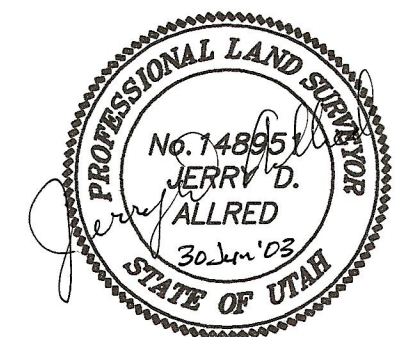

LEGEND AND NOTES

- FOUND 1/2" REBAR SET DURING ORIGINAL TRACT SURVEY
- 5/8"x24" REBAR WITH CAP STAMPED 148951 SET AT PROPORTIONATE DISTANCE BY THIS SURVEY

THIS SURVEY WAS PERFORMED USING GLOBAL POSITIONING SYSTEM (G.P.S.) PROCEDURES AND EQUIPMENT. THE BEARINGS ARE BASED ON WGS84 DATUM.

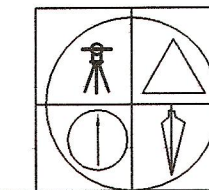

SURVEYOR'S CERTIFICATE

THIS IS TO CERTIFY THAT I HAVE SURVEYED THE PARCEL SHOWN ON THIS PLAT, AND THAT THE MONUMENTS INDICATED WERE FOUND OR SET DURING SAID SURVEY, AND THAT THIS PLAT ACCURATELY REPRESENTS SAID SURVEY TO THE BEST OF MY KNOWLEDGE.
